6th November

Eden joined the Prisma group working at Silvergate Plastics 8 years ago! Driven by a passion for building strong relationships, Eden stepped into the business admin support role with enthusiasm. Her dedication and years of experience have made her an invaluable part of the team. We sat down with her to learn more about her journey and how she's grown into the role she holds today.

Eden's Journey

Eden's story with Silvergate began at just 16 years old, when she first joined the team. Now, eight years later, she's a cornerstone of the business admin support role, known for her warmth, reliability, and sharp sense of humour.

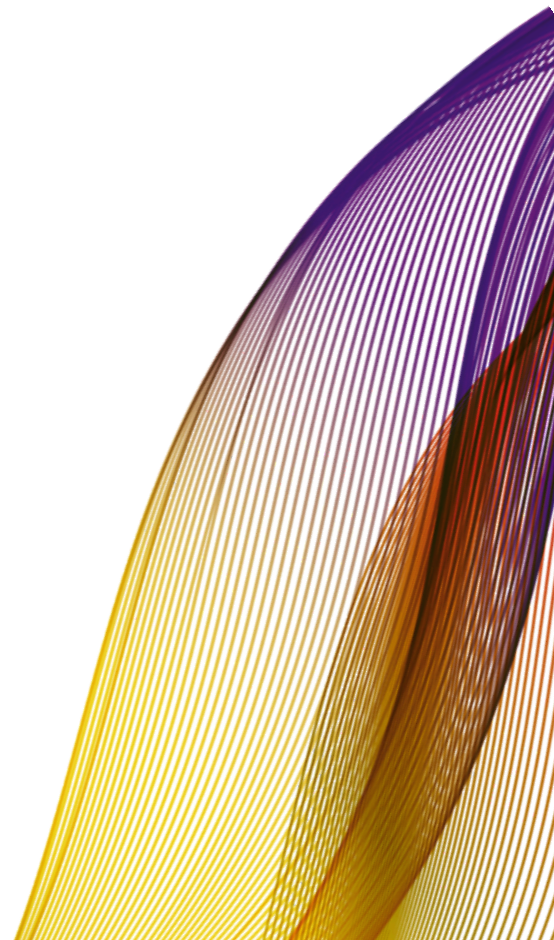

Her passion for customer relationships has been a defining part of her journey. Eden thrives on connecting with people, and she's built lasting bonds with customers — many of whom she's finally met face-to-face after years of working together.

These relationships are what she cherishes most. But it's not all serious business. Eden brings a spark to the office with her love of morning coffee banter — a daily ritual that's become a team tradition. She's also quick to credit the laughter shared among colleagues as the secret to navigating even the most stressful days. And of course, there's Sandy's sweet treats, which Eden jokingly calls "outstanding bribery" — a highlight she wouldn't dare miss.

As the first point of contact for customers, Eden takes pride in ensuring their day runs smoothly. Her commitment to delivering exceptional service is evident in everything she does.

Looking Ahead

Eden's aspirations for the future are deeply grounded in a mindset of continuous growth and bold ambition. She's not just aiming to improve—she's committed to evolving, learning, and pushing boundaries in everything she does. Her vision includes expanding her expertise, embracing new challenges, and carving out a meaningful, impactful career at Silvergate. With a strong foundation of experience, a relentless drive to succeed, and a people-first philosophy that guides her every step, Eden is poised to thrive. The road ahead isn't just promising—it's filled with opportunity, innovation, and the kind of leadership that inspires others to rise alongside her.
